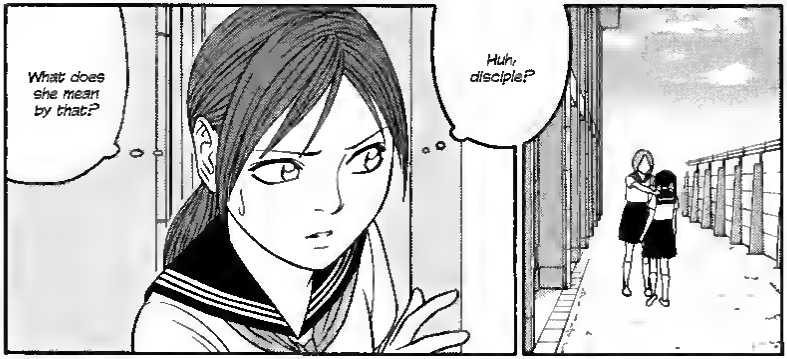
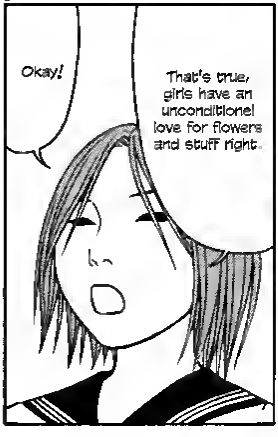
Chapter 59

The secret of the second year trio (Part 2)



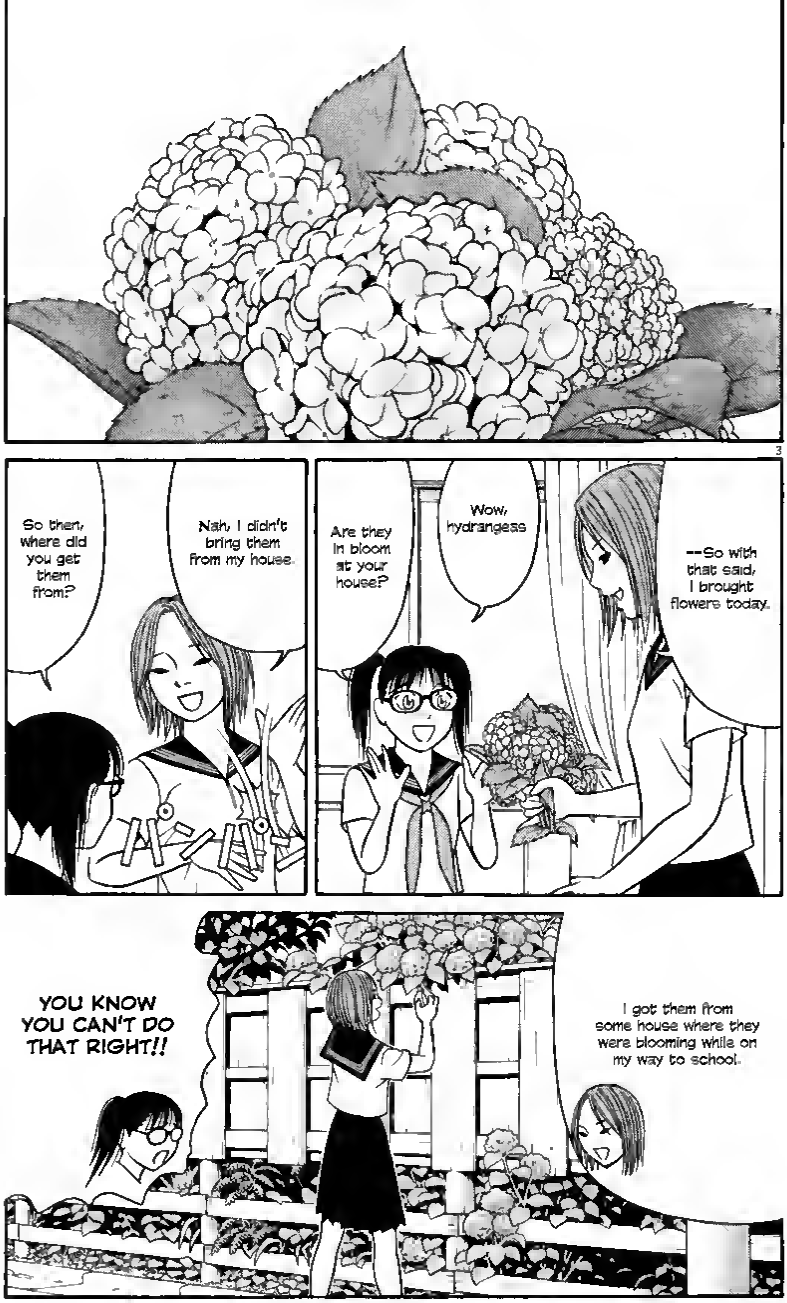
The classroom feels more calming if there are flowers around...
I had no idea!
Huh? Himocchi you're the one who is always bringing flowers to the classroom?

2



Okay!
That's true, girls have an unconditional love for flowers and stuff right.

.....
From time to time, I just bring flowers from our garden back home when they bloom. It's no big deal
Doing that without any hesitation, does seem rather girly.



---So with that said, I brought flowers today.
Wow, hydrangeas
Are they in bloom at your house?
Nah, I didn't bring them from my house.
So then, where did you get them from?
I got them from some house where they were blooming while on my way to school.
YOU KNOW YOU CAN'T DO THAT RIGHT!!

.....
Huh, wha, hold on.
I'll have to stop by and apologize on my way home.
カコキ
.....
Tch, Kamo's been all antisocial lately
Ah, I'm gonna have to pass on that today Sorry
Kamo, we're going to hang out in front of Fujisawa station today. Wanna come with?

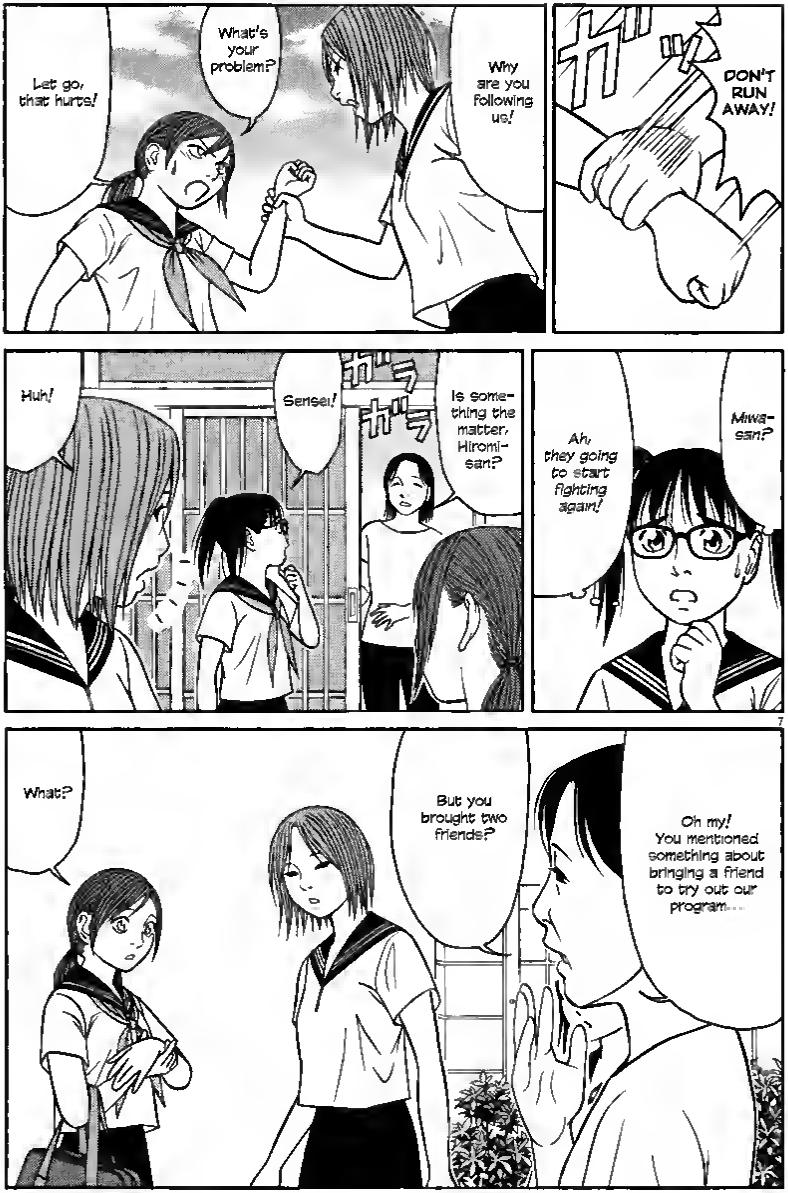
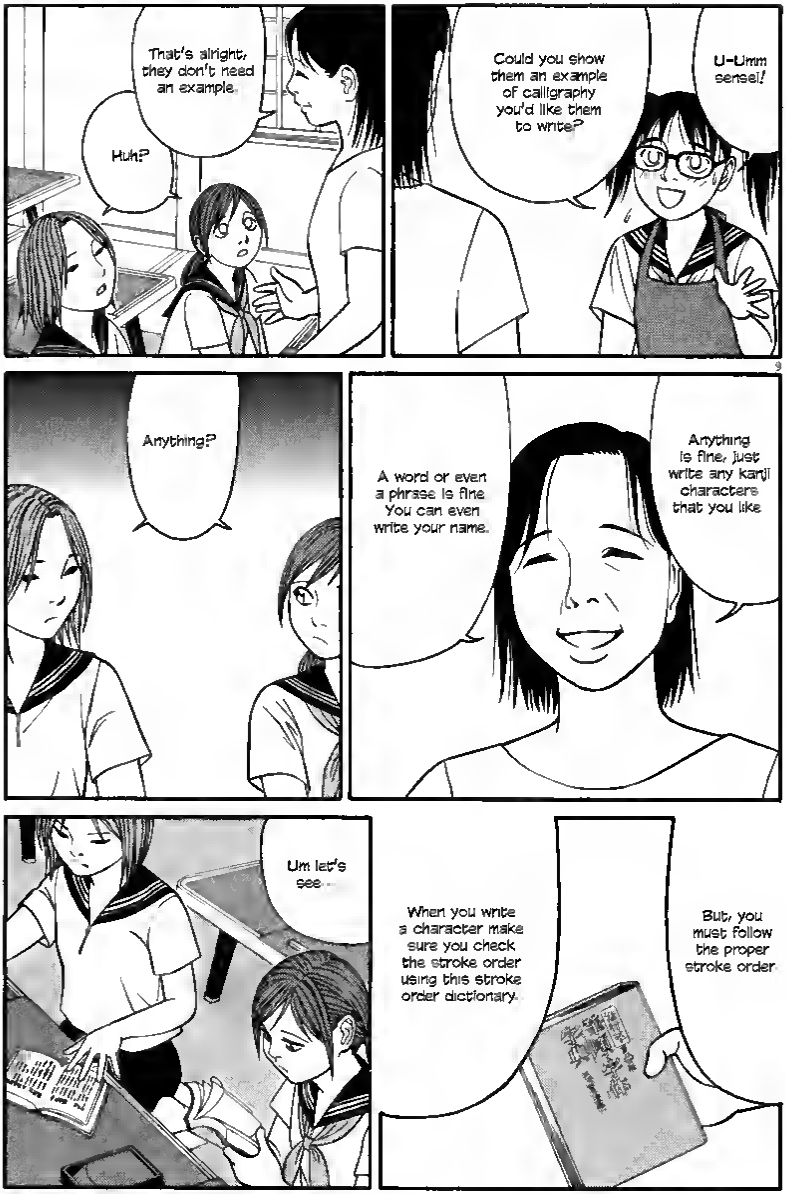
There must be something going on underneath all this.
Is that why she became Hino-san's disciple?
YEOWCH!
When it comes to fighting, the rumors about you being able to take on boys and win are true, Kyoko Kamo
Carrying her bag with both hands is so not her.
6
Hey!
What is this place?



Let go, that hurts!
What's your problem?
Why are you following us!
DON'T RUN AWAY!
Huh!
Sensei!
Is something the matter, Hiromi-san?
Ah, they going to start fighting again!
Miwa-san?
What?
But you brought two friends?
Oh my! You mentioned something about bringing a friend to try out our program....

Ah, w-we'll be in your care.
We'll be in your care!
Come on, you have greet her!
Eh?
This is Miwa-san and Kamo-san.
Ah, y-yes that's right!
Shush!
That's right, got a problem with that?
Lately all you've been doing is imitating her, you think you'll be able to do calligraphy like that as well?
Uh-uh.
Huh?
—At any rate, calligraphy of all things, this is soo boring
Her Summer cold has worsened, so she's resting for the time being.
Hiromi-san, where is Yoshimi-san today?



U-Umm sensei!
Could you show them an example of calligraphy you'd like them to write?
Huh?
That's alright, they don't need an example.
Anything?
Anything is fine, just write any kanji characters that you like
A word or even a phrase is fine. You can even write your name.
Um let's see...
But, you must follow the proper stroke order
When you write a character make sure you check the stroke order using this stroke order dictionary.

TEXT COUNTERCLOCKWISE-FALLEN ANGEL, ROSE, ORCHID, AND FIGHT

薔薇
You like kanji with a lot of strokes I see
Well she did say my favorite kanji
That's something most first timers can't do well
Those four characters are balanced
What, really?
That's good Miwa-san!

Sensei! What about mine?
I-I guess so
スッ
スッ
Hmm Kamo-san
When writing kanji with a lot of strokes use slightly thinner lines, and also you don't have to be careful so just write the characters a little bigger

Something about becoming her disciple
